

CAMPUS SALOON

Green Trends is placed inside the **SIMATS** campus with modern outlook and well-trained Beautician. With a vast network of 375+ salons, green trends deliver its vision of accessible beauty and styling services to the far-reaching corners of the country with its presence across 50+ cities. With **scientifically designed services** using **world-class products** delivered by certified skin and hair experts, green trends caters to one's head-to-toe grooming, beauty and styling needs at exceptional value.

A strong proponent of the philosophy that beauty and style is unique to each, green trends' experience is built on the pillar of a 'culture of consultation' where certified experts hand-pick products and recommend salon services best suited for every individual customer.

Continuous innovation of the service offering and meticulous focus on salon experience has led to green trends enjoying a large and loyal customer base of over 20 lac customers which is ever growing.
