CRICKET

*If there is no cricket in heaven then I don't want to be there -
Indian cricket lovers*

Cricket is a vibrant and popular sport globally. Cricket is an important part of culture of India. Cricket has over a billion fans globally with the Indian sub - continent alone constituting more than 90 percent of them says ICC research. As per the results of research , the average of fans is 34 and the demographic breakdown of 61 percent male and 39 percent female. The India men's national cricket team , the men in Blue are everybody's favourite. Sports especially unite people irrespective of caste creed or religion and also unite countries. Chancellor , a sports lover had a vision to ensure all university students have a professional cricket turf field ,a dream of many. As an Indian be proud to have a professional cricket turf wicket ,beautiful full green field in SIMATS. He dedicated the field to all cricket lovers in other schools , universities, corporates and public .

A major attraction of **SIMATS -SPORTS** is it's cricket academy which has high end facilities for professional cricket development and coaching to a high standard. It has two turf wickets oval with G2 Australian grass outfield and one matting oval with non-turf field and a well-furnished pavilion.
