

INDOOR CENTERS

Indoor sports are great physical activities that are able to be played year-round and enjoyed regardless of the weather conditions. **Indoor sport** venues are usually well ventilated, cool and usually accessible and also cater for traditional **sports** .Large indoor sports complexes are a big investment as are Ideal for playing various games and equipped with all amenities

Extremely versatile interior spaces and an energy-efficient design, Indoor multipurpose sports halls provide innovative solutions for all kinds of recreation structures including specialty fitness and recreational sports both permanent and temporary.

Indoor sports arenas offer an immediate, cost-effective solution for competitive and recreational sports. Tall interior peak height provides superior space and illumination for an optimal playing environment, affordable large facility for different sports within the stipulated time. Indoor Sports halls are a better place to play and practice. They also maximize sports revenue since are completely customizable.

SIMATS Multi-Purpose Indoor Hall is to be designed to be easily used by multiple types of events. While any Indoor Hall could potentially host more than one type of sport or event, this concept usually refers to a specific design philosophy that stresses multifunctionality over specificity

SIMATS sports has two Indoor Halls namely **Nalli A/C Hall 30.15 X 24.05 m** with a stage **16.50 X 5.25 m** area, Hall 2 with **32.30 X 9.85 m** area
