

Competitive exam training - NEET training

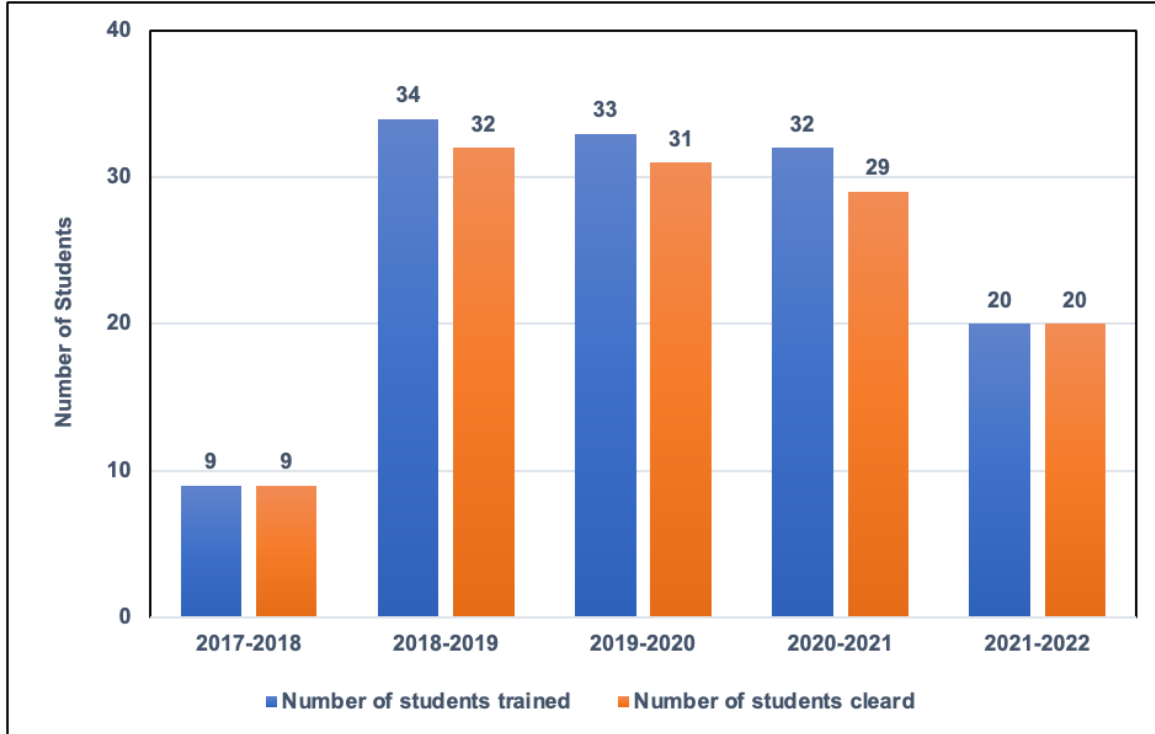

Saveetha Dental College, which is a part of SIMATS Deemed University, is known for its commitment to providing exceptional education to its students. As part of this commitment, the college offers NEET training to its Bachelor of Dental Surgery (BDS) students during their internship period.

The NEET training program is well-structured and includes online theory classes covering all the basics and clinical science subjects, along with regular exams to evaluate the performance of the students. The program is designed to help the students excel in their national ranks and secure government or private seats for their post-graduation studies.

The college has partnered with Advanced Biotech Private Limited Company to provide additional benefits to the students who perform well in the program. The well-performing students are rewarded with preparation books and scholarships, which serve as a great motivation for them to excel further.

This NEET training program has been a huge success, with 95% of the students who have received this training showing exceptional performance in their national ranks. The program has helped these students secure government or private seats for their post-graduation studies, and the college is proud of its students' achievements. Saveetha Dental College continues to strive towards excellence in education and is committed to preparing its students to succeed in their future endeavors.
