

PLACEMENT TRAINING - GLOBAL PLACEMENTS

The SIMATS Deemed University is committed to providing its students with the best facilities and resources to prepare them for their future career paths. The university recognizes the importance of having excellent communication and presentation skills, which are essential for job interviews. The university's 24 interview chambers and 14 discussion rooms are equipped with the latest technology and are designed to simulate a real interview environment. The chambers provide students with a platform to practice and enhance their communication and presentation skills, allowing them to present themselves confidently during their actual job interviews. Additionally, the university provides skill development training including soft skills development, group discussions, aptitude tests etc., that is essential for the interview sessions to meet the global standards. The training includes oratory training and foreign language training, which are highly valued by recruiters in today's competitive job market. The training is conducted by highly skilled and experienced trainers who help students to enhance their skills and prepare them for the global market.
