## Research Methodology Training

### Training Programs Conducted (2016-2021)

SIMATS conducts workshop/seminars/webinars in Research Methodology for Post Graduate students from faculty of Medicine, Dental, Engineering, Nursing, Ph.D. Students to facilitate the understanding of basic methods to conduct research in their respective disciplines. Courses such as Research Methodology and Biostatistics, and Business Research are included in the SIMATS curriculum through which PG students and Research Scholars are benefitted. Faculties are also exposed to research methodology training by faculty development programs.
