

STARTUP GUIDANCE

Saveetha Institute of Medical and Technical Sciences (SIMATS) provides start-up guidance to innovators through legal, financial, and marketing assistance via the Saveetha Entrepreneurship and Empowerment Department (SEED). Educational programs on marketing and entrepreneurship are also conducted to provide necessary knowledge and skills. The university enhances and encourages research by providing SEED money and incentives in order to provide stimulus to students and faculty to come out with innovations. In the past five years, around 15 start-up companies have emerged from the university. Qbec Infosol Pvt Ltd, Dreembright, Clouidiotronix Technologies, Anadix Technologies, Earth recycler Innovations, Profit Dental, Kedo Dental are few of the entities evolved from the university.
